Uncle FeGilliam is perhaps the oldest voter in Saline county. He is 97 years of age, has lived in the county 75 years and has never missed voting at any election during all that time.—Marshall Republican.

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed, it has a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Hall's Family Pills are the best.

Last Thursday night a boy, 15 years old, named Lovercamp was killed by a C. & A. train, near Alma. He had attended a musical at that town and starting to his country home in company with another boy, he decided to race with a train. His companion declining to go with him, Lovercamp dashed along and reached the crossing where evidently his horse threw him against the passing engine. His lifeless body was found, a few moments later by his companion.

"Blessed are the meek, for they shall inherit the earth." Well, there are a lot of country newspaper men have got something coming.

Many persons find themselves affected with a persistent cough after an attack of influenza. As this cough can be promptly cured by the use of Chamberlain's Cough Remedy, it should not be allowed to run on until it becomes troublesome. Sold by all druggists.

A residence in Slater, owned by Dr. T. H. B. Ish and occupied by Geo. C. Smith, was badly damaged by fire Monday night. The fire company was called, but the roof of the house was wrecked and a large hole burned in the north side when they arrived. Both building and contents were insured.

In a runaway accident Sunday, near Slater, a surry was overturned and its occupants, Mr. and Mrs. Roy Hicks, Mrs. Wallace Walton of Slater and Mrs. John Webb of Miami, were thrown out. Mrs. Walton sustained a broken collar bone and Mrs. Hicks was severely bruised. The others escaped injury. The top of the surry was torn off.

It is easier to harness 10 horses than some women.

While scuffling in a friendly manner with his brother Matt, Sunday, at their home in Gilliam Wm. Sonellenberg picked up a target gun and pulled the trigger. The gun was supposed to have been unloaded, but, as is usual with that designated article, it exploded and took effect in Matt's foot. When will this "unloaded gun" carelessness cease?

A sprained ankle will usually disable the injured person for three or four weeks. This is due to lack of proper treatment. When Chamberlain's Liniment is applied a cure may be effected in three or four days. This liniment is one of the best and most remarkable preparations in use. Sold by all druggists.

A Bright College Girl.

A bright college girl who had won a membership in the Phi Beta Kappa society was so eager to announce the fact at home that she telegraphed the news. Fearing to alarm an over-anxious mamma with the telegram she addressed it to the family cat. The royal personage bears with real dignity the name of "Tiglath Pileser."

When this message was ticked off at the Western Union telegraph office the operator, not wishing to declare himself stumped, wrote it out bravely:

"Dear Mamma, I captured a Phinetakapakey."
"To Tiglath Pileser Brown, 1227 Fifth avenue, New York City."

The messenger boy got into further trouble by inquiring of the dignified maid of color who opened the door if Italians lived there and receiving an indignant negative he retaliated:
"Well, they must be a set of dippy freaks, anyway."

Those who oppose kissing the strongest on the grounds that disease germs are spread that way, probably wouldn't object very seriously to a little inoculation by osculation.

In automobiles and their accessories the United States will this year produce a value of nearly half a million dollars. This great result, almost \$10,000,000 a week, has been reached in but a very few years, and very largely in the past five years.

If you are suffering from biliousness, constipation, indigestion, chronic headache, invest one cent in a postal card, send to Chamberlain's Medicine Co., Des Moines, Iowa, with your name and address plainly on the back, and they will forward you a free sample of Chamberlain's Stomach and Liver Tablets. Sold by all druggists.

F. D. Warren of Girard, Kas., editor of the Appeal to Reason, a Socialist paper, must serve six months in the federal prison at Leavenworth, Kas., and pay a fine of \$1,000 imposed by a jury in the United States court in Kansas. The sentence of that court was affirmed by an order of the United States court of appeals. Warren was accused of sending through the United States mails envelopes on the outside of which was printed, "\$1,000 reward will be paid to any person who kidnaps ex-Governor Taylor and returns him to the Kentucky authorities." The indictment charged that the words were scurrilous, defamatory and threatening in character.
